SUMMARY

Dedicated student seeking internship opportunities to apply theoretical knowledge in practical setting. Strong background in Java And C coupled with effective communication and team work skills. I am deeply passionate about artificial intelligence (AI), machine learning (ML), and deep learning.

 Exploring the vast possibilities within these fields has been a fascinating journey for me. My goal is to contribute meaningfully to this rapidly evolving landscape by actively engaging in projects that push the boundaries of AI, ML, and deep learning. I am eager to collaborate with like-minded individuals and organizations to apply my skills and contribute to cutting-edge advancements in this dynamic field.
